

Zebra TC57 and TC77

Handheld Touch Computers

Zebra TC57

Zebra TC77

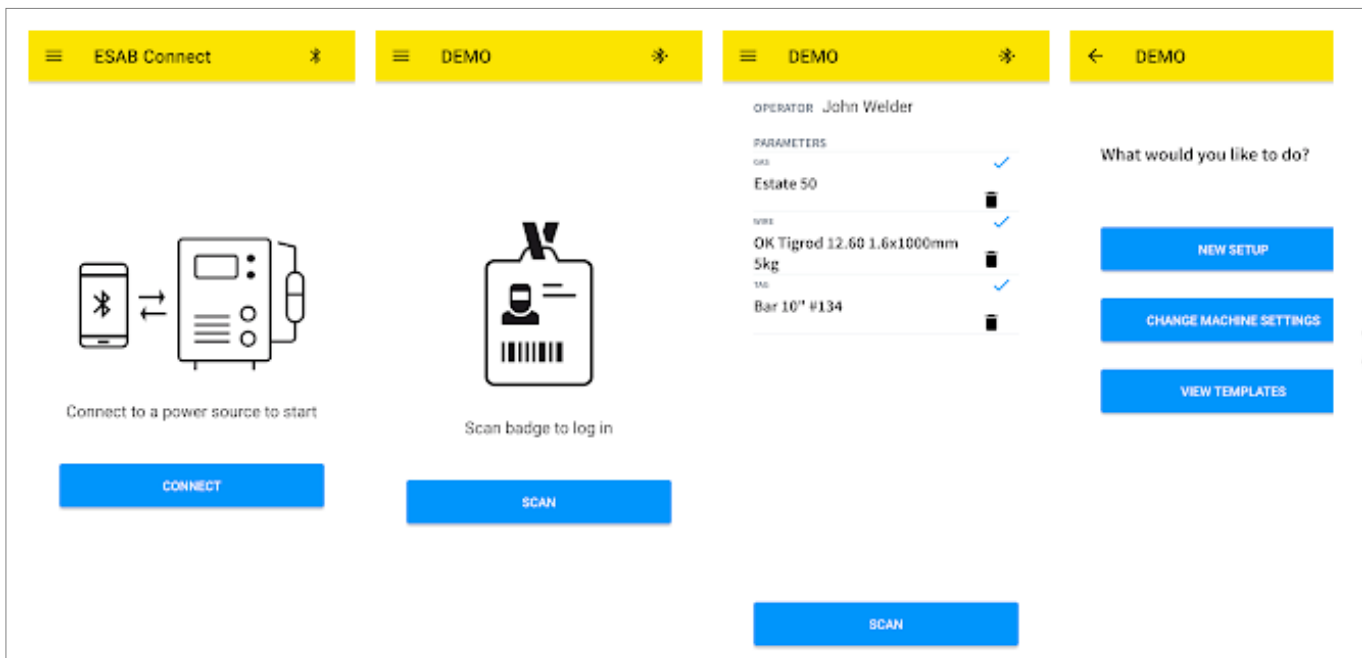

TC57 is delivered with a rugged cover

Zebra TC57 and TC77 Ultra-Rugged are the ideal handheld touch computers for use in your workshop and welding sites.

Together with ESAB Connect, these devices enable information scanning about welder ID, consumables, welding gas, welding procedures, parts, and more for full traceability of your welding process.

- Compatible with WeldCloud ESAB Connect scanning app
- Android 10 operating system
- Up to 15 hours of battery time
- Outdoor readability
- LED backlight
- 3 years software support
- Can be purchased with charge cradles and spare batteries

Visit esab.com for more information.

Ask about **ESAB Connect**, WeldCloud's mobile application to barcode-scan filler metal, gases and operator badges, adding more data and detail to each welding session. Compatible with Android mobile devices; best used with Zebra TC57 and TC77 mobile devices with IR scanner.
